

# Neeraj Saini

Senior Software Developer

## Profile

**Remote-Ready Software Team Lead** with 6+ years of experience delivering high-performance web applications using **Laravel**, **React.js/Next.js**, and **Vue.js**. Proven expertise in **API development**, **system architecture design**, and **full-cycle project leadership**. Adept at mentoring developers, managing sprints, and aligning cross-functional teams to deliver scalable, secure, and user-centric solutions. Passionate about continuous learning, open-source, and building impactful software.

## Employment History

### Senior PHP/Laravel Developer at So Creative Ltd. (UK-based) | April 2024 – Present, Mohali

April 2024 — Present

- Lead developer for multiple client-facing platforms using **Laravel**, **React.js**, and **Vue.js** in a remote Agile team.
- PrivateJetCharter** (aircraftcharter.com) – Architected and developed a **multi-tenant travel booking system** with real-time flight data, role-based access, and **auto-translate** capabilities for global clients.
- Trademate (HYIP Investment Platform)** (dev-2.trademate.one) – Designed and implemented a secure **high-yield investment web platform** with user wallet management, transaction logs, automated profit distributions, multi-level referral tracking, and integrated cryptocurrency payments.
- FindDentistNearMe** – Built a **location-based search platform** with Google Maps integration, dynamic listings, and advanced filtering to connect patients with nearby dental clinics.
- Event Booking App** (eventwizz.co.uk) – Created a **real-time event management and ticketing platform** with calendar views, admin dashboards, and payment gateway integration.
- Oversaw sprint planning, mentored 4+ junior developers, performed code reviews, and ensured code quality and timely delivery.

### Laravel Developer at Prism Infoways, Gurugram

June 2019 — March 2024

- Spearheaded high-impact web application projects, focusing on performance and security.
- Designed and implemented backend logic, database schemas, and REST APIs using Laravel.
- Acted as key contact for client interactions and requirement analysis.
- Facilitated team coordination, leading stand-ups, and contributing to task delegation.
